Indemnification of Commission

If you agree to pay for our services using commission from a company, you agree that if we have to pay all or part of this amount back to the company because you have cancelled or otherwise ended the policy, you will reimburse any money we lose. We will inform you with the most we can ask you to pay before completing any application to which commission applies. This clause will not apply if you cancel within the 'cooling-off period'.

We will confirm the expected amount of commission that we will receive in writing before you complete any application form. The amounts may vary according to the type of product, the amount you invest, and (sometimes) how long you invest for, or your age when you start the product.

Personal Pension Schemes

Not all types of personal pension schemes are included in the information below about commissions. Instead only the more common types are included, and schemes such as Pure SIPP's are not. Before we start advising you, we will inform you of how much we could be paid if we do recommend one of these products to you. You can also ask us about commission we might receive on underlying investments we recommend you hold within a SIPP if not contained in the information above.
